S GOWTHAMKUMAR

Email ID: gowthamkumar.uxd@gmail.com   **Mobile no:** (+91) 63795 20261

CAREER OBJECTIVE:

Full Stack Developer skilled in Python, experienced in building scalable web applications with a focus on performance and data-driven solutions. Proficient in frontend/backend development, cloud integration, and continuous deployment. Strong problem-solving abilities and proven collaboration in fast-paced environments.

PROFESSIONAL EXPERIENCE:

1. **Full Stack Developer @ Continental Automotive Components (India) Pvt. Ltd**
   January 2023 – current
   - Led the development of a data-tracking tool, improving workflow.
   - Collaborated with cross-functional teams to design, develop, and deploy web applications using Angular,
     Django, REST API, and MySQL.
   - Integrated AWS S3 for cloud storage, reducing storage costs.
   - Implemented CI/CD pipeline using Jenkins, decreasing release time.

2. **Data Analyst @ Continental Automotive Components (India) Pvt. Ltd – Internship**
   August 2022 - December 2022
   - Streamlined data analysis processes using Python and PowerBI, enabling data-driven decision-making.
   - Automated data extraction from AWS, resulting in a 25% increase in processing efficiency.

3. **Product Designer @ Aadya Nutrition Pvt. Ltd - Internship**
   May 2022 July 2022
   - Led UI design improvements and developed new designs from scratch.
   - Applied UI/UX principles and Figma for real-time web design.

4. **UI/UX Designer @Probotiq Solutions Pvt. Ltd - Internship**
   Jul 2021 Aug 2021
   - Created prototypes for the Wanted Note application.
   - Utilized UI/UX design, Figma, and storytelling techniques for real-time web design.

TECHNICAL SKILLS:

Language   : Python, JavaScript and TypeScript

Database   : MySQL and MongoDB

Web Dev   : HTML, CSS, Bootstrap, Angular, React, Django REST API and Node.js

Web Design : UI/UX and Figma

Cloud   : AWS

Visualization: PowerBI

Automation : Jenkins CI/CD Pipeline, Git and GitHub

PROJECTS:

E-Tuition Platform (Ongoing)

- **Role:** Full Stack Developer
- **Challenge:** Design and implement a scalable web application for online tuition, optimizing performance for multiple users.
- **Outcome**: Successfully implemented key features such as user authentication, session scheduling, and responsive design using Django REST API, Angular, and PostgreSQL.

MF Square – Food Delivery Service

- **Role:** Co-Designer and Analyst
- **Challenge:** Create a food delivery platform with zero markup for users and streamline operations for restaurant owners.
- **Outcome**: Received positive feedback from 50+ local restaurants; identified pain points in current delivery systems and proposed a solution to reduce operational costs by 15%.

Personal Portfolio Website

- **Description:** Designed and developed a personal portfolio website to showcase projects, skills, and professional experience.
- **Role:** Full Stack Developer
- **Outcome:** Created a responsive, user-friendly site that effectively highlights work and achievements. Enhanced personal branding and improved online visibility.

ACADEMIC PROFILE:

- Pursued **M. Tech (Integrated) in Software Engineering** from Vellore Institute of Technology (VIT) -Vellore with **81.7 %** during **2018-2023.**
- Pursued High School from Adhiyaman Matric. Hr. Sec.School with **88.5 %** during **2017-2018.**

PERSONALITY TRAITS:

- Possess good communication skills!
- Possess good Teamwork!
- Creative in approach
- Optimistic in thinking

INTERESTS:

Reading books, Cricket, Travelling and Cycling.
